THZ156EU | Targus Versavu™ 360° Rotating Stand & Case for The New iPad®

Targus Versavu cases feature a unique patented rotating feature which allows you to turn your iPad 360° inside the case for a choice of viewing in either landscape or portrait. A hard shell back cover securely clicks onto your iPad to provide protection to the back and sides, whilst a durable front cover with super soft interior lining protects your iPad screen.

Versavu cases are equipped with magnetic closure on the front cover which immediately wakes up your iPad and then shuts down after use, as well as an integrated stylus loop which allows you to securely store your stylus. The case easily transforms into a hands free stand with a choice of 6 different viewing and typing positions.
